

Cinturato™ P7™ BLUE

 CAR -  SUMMER -  TOURING

CINTURATO P7™ BLUE is the high performance tyre designed for medium and large sedans, offering an unconventional “match” between wet performance and rolling resistance, while maintaining high levels of mileage. CINTURATO P7™ BLUE was the first tyre able to achieve a double A rating in selected sizes already at the launch in 2012.

2017 represents an innovative milestone for CINTURATO P7™ BLUE, with its complete restyling, now with the latest finest materials and technical process. Today, almost 100% of the sizes have obtained the double A rating, a result reached by no other competitor.

INNOVATIVE AND ADVANCED HYBRID MATERIAL

Even tread wear thanks to balanced pressure distribution

FOUR WIDE LONGITUDINAL GROOVES

Outstanding safety and control in potential aquaplaning situations

COMPACT CENTRAL BLOCKS AND ROBUST EXTERNAL AREA

Steering response and cornering control

OPTIMISED TREAD DESIGN WITH SPECIFIC PITCH SEQUENCE

Relaxed and comfortable driving experience
